

NJCEA EXECUTIVE REPORT  
JANUARY, 2005  
Submitted by Louis Romanet

Happy New Year to everyone and I apologize for missing this meeting. As a member of the New Jersey Cooperative Education Association's executive board I have the following to report.

- A. Our January 19<sup>th</sup> meeting at DeVry University was very informative. Anne freeman from the State Department of Education, Vocational Education division did an excellent presentation regarding Coop and SLE certification, the changes, how to get certified, and answered many questions regarding various concerns of our membership. She also did an extensive review of the administrative code regarding cooperative education and cleared up many of the questions and concerns different coordinators had to present. It was interesting to hear coordinators from around the state share their questions and concerns.
- B. Membership benefits were discussed and the draft of the membership booklet was reviewed for corrections before printing.
- C. Bonnie Durante gave a short report regarding our scholarship brochure and things are being made ready for printing and distribution.
- D. The Association's new LOGO CONTEST has been completed and there are 3 choices that have to be considered before final approval.
- E. The NJCEA is also in the process of starting and developing a new website. We hope to have it in place by the end of the school year.

Thank you all for your attention. Enjoy the rest of your school year!

Respectfully,  
Louis Romanet  
NJCEA Executive Committee
